Writing and recording Ideas

A golden relief sculpture of a seated figure, likely a scribe or philosopher, writing on a scroll. The figure is shown in profile, wearing a draped garment. The background is dark, making the golden relief stand out. The figure's right hand is raised, holding a writing instrument, while the left hand rests on the scroll. The scroll is unrolled, and the figure appears to be in the process of writing or reading. The style is reminiscent of ancient Greek or Roman art.

The Ancient Greek wrote myths, plays, poems and recorded important history.
