

Running-races the most popular event! Athletes
raced barefoot on a dusty track!

Javelin competitors threw long spears for distance.

Olympic's games

The Olympics always take place in Olympia, a sacred place filled with temples, statues and sports grounds
Only Greek men could compete.

The game lasted about 5 days. A special truce stopped wars while the games took place!!!

The olympics are still held every four years, just like in Ancient Greece, and athletes compete in events inspired by Greek Sports such as running, wrestling and discussion.
