

Greenfields

Community Primary School

“Excellence by everybody in everything”

Tuesday 1st October 2024

Dear Parents/Carers,

At Greenfields, we are committed to providing children with a range of enriching and fun experiences which they can engage in to support their development. As part of this, we are excited to launch a series of ‘Greenfields Challenges’ for you to do with your child at home. These are completely voluntary and we hope will be a fun way for you to spend some time in an easy activity with your child(ren).

Challenges will be released via School Gateway throughout the year, including how long they will be running for and details of how to share your challenge with class teachers. This could include bringing in items, posting on SeeSaw or posting on X (formerly Twitter - @greenfields_cps). Each challenge will follow a theme and may be the same for all children across all school phases or differ, depending on your child’s phase but this will be made clear in the information released.

Details of the first challenge are attached below this letter.

We look forward to seeing all your challenge entries and hope you have a great time completing them!

Best wishes,

Miss Fanning, Mrs Button-Hampton, Mrs Baker, Miss Harrison and Miss Gibson
Senior Teachers
