Dear Parents/Carers

New Communication App – Reach More Parents

We are always looking for new ways to improve communications with our parents and carers. We have had some negative feedback from parents and school staff about School Gateway and feel it is time for us to make a change.

In the next few weeks, we are delighted to be launching Reach More Parents - a new digital communication tool specifically designed for parent and school communications. Reach More Parents allows you to see live updates about your child's education, meaning you will never miss a moment of your child's learning journey. You will receive alerts and keep updated with school news, trips, learning activities, important announcements, key dates and events, attendance information. This new system will also streamline processes by having everything in the same place.

We'll soon be providing all the information you need to get started. This will include an enrolment message, and both contacts with parental responsibility will be sent an enrolment code.

As a school, we are very excited about what Reach More Parents has to offer, and we look forward to welcoming you on board. The new app will launch on Friday 23rd June and will also be used to book breakfast and after school club and make any other payments.

We will also be issuing new permissions forms to allow us to use photos of children within the App. We will also be moving our social media presence to Instagram and moving away from X (formally Twitter). This will be included on the permissions form. Further details to follow.

Thank you for your continued support.

A handwritten signature in black ink that reads "D W Andrews".

Mr Dan Andrews
Head Teacher
